Profile

Motivated and detail-oriented **Software Engineer** with hands-on experience in **Full Stack Development, Frontend Engineering, UI/UX Design, and Quality Assurance**. Proficient in **React.js, Next.js, TypeScript, Node.js, Express.js, Java, MySQL, Docker, Figma, and Postman**, with a strong foundation in building scalable and user-friendly applications. Completed a **six-month internship at Nagarro, TRACE**, contributing to real-world projects in **web development, UI/UX design, and software testing**. Passionate about delivering high-quality solutions through innovation, collaboration, and continuous learning.

EDUCATION **Open University | Colombo, SL** June 2022 – Present

Major: Software Engineering

Relevant Coursework: Data Structures, Software Design, Web Design, Programming Language

TECHNICAL SKILLS

- **Languages & Frameworks:** Python, Java (Intermediate), JavaScript, Typescript, HTML5, CSS3, SQL
 - **Frontend Development:** React.js, Next.js, Tailwind CSS, Figma (UI/UX), Bootstrap
 - **Backend Development:** Node.js, Express.js, Laravel
 - **Database:** MySQL, PostgreSQL, Firebase
 - **Mobile Development:** React Native, Android Studio (Java/XML) ▪
- Tools & Platforms:** Git, GitHub, Postman, Docker

ENGINEERING EXPERIENCE

UAT Tester | Vectorium Lab, USA

Dec 2025 – June 2025

- Performed User Acceptance Testing (UAT) to validate features and user flows.
- Identified and reported defects to ensure product quality.
- Executed test cases and verified UI and functionality.
- Collaborated with developers to resolve issues efficiently.

UI-UX Intern | Vectorium Lab, USA

Dec 2025 – June 2025

- Collaborated with cross-functional teams to design user-friendly interfaces for web and mobile platforms.
- Created wireframes, user flows, and high-fidelity prototypes using Figma.
- Conducted user research and usability testing to gather insights and enhance UX.
- Implemented feedback from team leads to iterate and improve design solutions.
- Ensured consistency in visual design, layout, and branding across screens.

Full-Stack Developer Intern | Nagarro, Colombo, SL

April 2024 – Dec 2024

- Contributed to the development of Trace Reservation Management system using Next.js, focusing on creating scalable and responsive solution. (Typescript and Tailwind CSS)
- Implemented **dynamic UI components** with **TypeScript and Tailwind CSS**, enhancing the user experience.
- Collaborated with a **cross-functional team**, integrating **backend APIs** and optimizing **performance** for seamless functionality.

ENGINEERING PROJECTS

UI Design for Barber shop mobile app | Figma

Feb 2025

- Designed an intuitive and visually appealing UI for a barber shop app, focusing on user experience.
- Created wireframes, prototypes, and high-fidelity designs, enhancing features like booking, service selection, and customer profiles.

UI Design for LMS | Figma

May 2025

- Designed an intuitive and visually appealing LMS UI.
- Enhanced user experience with a responsive and user-friendly interface.

UI Design for How to Be a Pilot web page | Figma

May 2025

- Designed a visually appealing and user-friendly UI for a web page guiding aspiring pilots.
- Created interactive prototypes with a structured layout for easy navigation.

Trace Venue Reservation | Next.js (Typescript, Tailwind)

Aug 2024 - Dec 2024

- Developed a venue reservation platform for TRACE using Next.js with Typescript and Tailwind CSS.
- Collaborated with a team to build a responsive and user-friendly interface for seamless booking experiences.

UI Design for Trace Venue Reservation | Figma

Aug 2024

- Designed an intuitive and visually appealing UI for the venue reservation system.
- Focused on enhancing user experience with a clean and responsive interface.

Digital Logbook Development | Next.js (Typescript, Tailwind)

May 2024 - July 2024

- Engineered a digital logbook system to enhance data tracking and user accessibility.
- Implemented key features such as real-time updates and secure data storage.
- Optimized UI for seamless user experience across multiple devices.

UI Design for Digital Logbook | Figma

May 2024

- Designed an intuitive and user-friendly interface for a digital logbook system.
- Focused on accessibility, usability, and seamless navigation.
- Ensured a responsive design for optimal user experience across devices.

Real-Time Chat App | Node.js and Socket.io

2024

- Developed a real-time chat application enabling instant messaging using WebSockets.
- Implemented Socket.io for seamless bidirectional communication between users.
- Designed a responsive and user-friendly interface for an engaging chat experience.

Portfolio Website | HTML, CSS, JavaScript

2024

- Designed and developed a personal portfolio website showcasing projects and skills.
- Implemented a responsive layout for optimal viewing on various devices.
- Enhanced user experience with interactive elements and smooth navigation.

Online Book Store Web Application | React.js, Laravel

2024

- Developed a dynamic web application for online book purchasing with secure authentication.
- Integrated a MySQL database for efficient book management and user transactions.
- Implemented a seamless user experience with a responsive frontend and robust backend.

- Grocery Shopping Web Application | React.js, Java2024

 - Designed and developed an interactive grocery shopping platform with a user-friendly interface.
 - Implemented backend services in Java to manage orders, inventory, and user authentication.
 - Optimized performance and responsiveness for a seamless shopping experience across devices.
- Wonder Calculator| Python2023

 - Developed a calculator supporting basic arithmetic operations such as addition, subtraction, multiplication, and division.
 - Implemented error handling to manage invalid inputs and ensure a smooth user experience.
- Online Application Form | React.js2023

 - Designed and developed an interactive online application form using React.js for a dynamic user experience.
 - Implemented form validation to ensure correct data input and improve form submission accuracy.
 - Integrated responsive design to ensure usability across various devices and screen sizes.
- Online Food Ordering App| Android Studio (Java & XML)2023

 - Developed an online food ordering app using Java and XML for the Android platform.
 - Designed intuitive and interactive user interfaces with XML layouts to enhance user experience.
 - Implemented real-time menu updates and order tracking to improve customer engagement.
 - Integrated secure payment methods for a smooth transaction process.
 - Focused on ensuring app responsiveness across different screen sizes and devices.
- UI Design for Mobile Food Ordering App| Figma2023

 - Designed a modern and user-friendly UI for a mobile food ordering app.
 - Created interactive prototypes to enhance user experience and navigation.
- Web Page: Tourist Places in Sri Lanka | HTML, CSS, JavaScript2022

 - Developed an interactive web page showcasing popular tourist destinations in Sri Lanka.
 - Designed a responsive layout with engaging visuals and dynamic content.

SOFT SKILLS

- Collaboration
 - Leadership
- Project Mngmt
 - Creativity
- Problem-Solving
 - Communication

Language

- English: Professional Proficiency
- Sinhala: Limited Proficiency
- Tamil: Native Proficiency

CERTIFICATION & ACHIEVEMENTS

- Selected for Nagarro Projects
- Camping Programs Participation in SLASSCOM Bootcamp
- Certified Scout
